Hon. Commissioner of Patents
Washington, D.C. 20231

Sir:

In response to the Office Action dated December 9, 2002, please amend the above-identified application as follows:

IN THE CLAIMS:

Please enter the following amended claims 1, 15, 32 and 35:

1. (Twice Amended) A windshield assembly comprising:
a windshield panel movable between an operative position and an inoperative position; and
a coupling assembly coupled to said windshield panel, said coupling assembly including at least one coupling member that enables said windshield panel to move between the operative position and the inoperative position,
wherein said inoperative position includes a forward position in which the windshield panel is displaced from the operative position in a direction facing a windward side of said windshield panel and a rearward position in which the windshield panel is displaced from the operative position in a direction facing away from the windward side of said windshield panel.
